

Always with a beautiful grin on her face (looking for a proof ? you will find it in her class' gallery), helpful whenever you need it and what the most important is - able to stay cool as a cucumber when her pupils start to panic before the exams. She has her own "hand made" realm on the last - third - floor, the so-called Olympus. The person I am talking about is no one else but Agnieszka Golak -a teacher of Polish. Think you know her ? Check if you are right..

K&N - Firstly, finish the sentences, please. I chose the teacher profession, because..

p.Golak - The answer is really simple - because I've always wanted to be a teacher.

K&N - So that is your mysterious plan from the past?

p.Golak - Yes, that's right. As far as I remember I've always wanted to be a teacher or -if not - to sell newspapers at the newsagent's.

K&N - Oh, that's interesting. The biggest dream of yours..

p.Golak - Only one ?! Hmm, so I would like to travel a lot, to have a little bit more of time and such a tiny dream for today - to be able to eventually sleep as long as I need to!

K&N - Yes, unfortunately that's a renowned IB syndrome ☺. But coming back to our questions : I don't feel like ...

p.Golak - I don't feel like?..hmm...No, there isn't such a thing.

K&N - It's getting on my nerves..

p.Golak - The absurdities of life make me feel upset.

K&N - And if you were to compare the youth from the past with the one that attends Topolowka, what would you say?

p.Golak - It's a really difficult question. I can say it's different, but not worse, even better. It's just different and able to adapt to the contemporary world easily.

K&N - When you've got an enticing perspective of another year with us in front of you, then...

p.Golak - I'm glad ☺.

K&N - We know you as a really nice teacher, but we wonder if there is another face behind this beautiful smile?

p.Golak- Oh, I'm not the one that should assess it, but all in all I think I am a little bit ROGATA. Generally, it's rather difficult to say something about yourself.

K&N - We also know that some time ago you were a guide in the castle in Malbork. Can you tell us about some murky mysteries from that period?

p.Golak - This castle is full of secrets and what is available for tourists is only about 50 % of what they should be able to see. Generally, it's always worth trying to see the cellars - that's what nobody usually sees. In turn there are no legends connected with ghosts...

K&N - Maybe some specific story from the castle, an anecdote...

p.Golak - Usually when guide women go on the sheer stairs men use to look under their skirts ☺.

K&N - We figured out that you've moved to a bigger city - was it a shock or not at all ? Was it that different ?

p.Golak - No, absolutely not. The fact is I moved just after high school. It wasn't a shock for me, since I made a move in order to study and I adapted very quickly.

K&N - Thank you very much.

p. Golak - Thank you.
